LETTER FROM LEADERSHIP

CLF is committed to creating global influence through its international chapters. To create safer sports, we must work with international partners. To End CTE, we need to enable scientists around the world to work together.

Thanks to the generous contributions of our donors and grantors in 2022, we were able to grow our team, adding six new staff members and creating three new full-time positions. Our continued growth as an organization enabled us to enact change across the globe with record breaking program achievements and landmark scientific contributions.

Internationally we announced our fourth chapter, CLF Australia (pg. 15), celebrated a decade of impact in Canada, and saw breakthrough cultural shifts in the UK. Our Global Brain Bank welcomed our newest collaborators at the University of Toronto in Canada, our Brazilian collaborators received a brain donation from Brazil's top boxer, and our Australian collaborators published on their first 21 brain donors (pg. 38). Perhaps our greatest collaborative achievement was a landmark publication on CTE causation with 14 authors from 5 countries that helped change the narrative on CTE causation among governments and sports organizations around the world (pg. 36).

Our growth and influence have driven many exciting program achievements in Education & Advocacy, Patient & Caregiver Services, and Military Programs. We surpassed 1,000 students taught by the CLF Media Project and engaged our first professional sports media organization with Concussion Reporting Workshop PRO (pg. 18). We launched a new flagship campaign, Stop Hitting Kids in the Head and petitioned governing bodies to make changes to youth sports regulations (pg. 22). We surpassed our 4,000th client supported through the CLF HelpLine and connected a record number of clients with peer mentors (pg. 26). We partnered with 16 new organizations to support military veterans and their families (pg. 30).

None of what we accomplished would have been possible without supporters like you. Your donations, time, and advocacy enabled us to make positive change and advance our mission.

Thank you for your continued support as we work towards achieving our vision of a world without CTE and concussion safety without compromise. We are excited for what awaits us in 2023.

Sincerely,

Christopher Nowinski
Co-founder & CEO

Robert Cantu
Co-founder & Medical Director

The Hon. Matthew S. Collier
President, Board of Directors

Our Mission

The Concussion Legacy Foundation's mission is to support athletes, veterans and all affected by concussions and CTE to promote smarter sports and safer athletes through education and innovation and End CTE through prevention and research.

Our Vision

A world without CTE, and concussion safety without compromise.

Our Values

We act with respect, kindness, and empathy.

We are committed to diversity, equity, and inclusion.

We are driven by science.

We lead with courage.

We provide solutions and hope.

ADVISORY ROLES

The Concussion Legacy Foundation co-founders Robert Cantu, MD and Chris Nowinski, PhD are proud to serve as advisors to more professional and collegiate sports organizations than any concussion-focused non-profit in the world.

By working with professional and collegiate sports to educate stakeholders and created policy, CLF sets the example for high school and youth sports to follow.

NFLPA

**WORLD
RUGBY™**

INTERNATIONAL CHAPTERS

through fundraising, outreach, recruitment, and building a donor family community. We are committed to advancing research to learn how to diagnose and treat CTE in the living by sponsoring clinical research and building a clinical research registry for future studies.

PATIENT & FAMILY SERVICES

CLF Australia is committed to leading efforts to support patients and families impacted by concussion and CTE through the CLF HelpLine and educational events, videos, and resources.

EDUCATION & ADVOCACY

CLF Australia is especially focused on protecting children. We aim to be the leading voice in Australia for reforming sports that will reduce the risk and of concussion and End CTE.

CONCUSSION

Concussion Legacy Foundation's support athletes, Veterans, and by concussions and smarter sports and safer high education and research to End CTE through research.

VISION

Our vision is a world without CTE, and concussion safe without compromise.

Highlights

Launched the first annual Race to End CTE at Ottawa Race Weekend

Jonathan Huberdeau pledged to donate his brain to Project Enlist in solidarity with Canadian soldiers

Placed a record number of earned media stories featuring veterans and Project Enlist.

In 2022, CLF Canada celebrated a decade of impact.

Since its inception, CLF Canada has worked tirelessly to solve the concussion crisis in Canada, engaging with key stakeholders at a community, provincial, and federal scale.

CLF Canada is also proud to have worked with students across 18 Canadian colleges and universities to educate school-aged children on the impacts of brain injuries.

02

CLF UK

In 2022, CLF UK continued to advance concussion and CTE education, awareness, and research across the United Kingdom. Key initiatives included advocating for temporary concussion substitutions, educating medical students and youth athletes, supporting research, and engaging key stakeholders at various conferences and roundtables.

23

HELPLINE CASES

BRAIN PLEDGES

Highlights

Held a Concussion Reporting Workshop PRO session with BT Sport's rugby, soccer, boxing, and cricket broadcast teams.

Professional Footballers' Association, Football Association, and NHS accept causal link between repeated traumatic brain injuries and CTE.

Heading in football banned under 12 in England.

03

CLF AUSTRALIA

On September 5, 2022, CLF launched a new international chapter, the Concussion Legacy Foundation Australia, which is led by Executive Director Annitta Siliato. CLF Australia works closely with the Australian Sports Brain Bank, led by neuropathologist Dr. Michael Buckland, to support CTE research.

The launch of CLF Australia made national news and Dr. Chris Nowinski appeared live on several morning shows.

EDUCATION & ADVOCACY

Learn how CLF programs
are changing the world

- 01 Team Up Against Concussions
- 02 CLF Media Project
- 03 Stop Hitting Kids in the Head

01

TEAM UP AGAINST CONCUSSIONS

TEAM UP AGAINST CONCUSSIONS (TUAC) is an education program designed to teach athletes to speak up for each other when they think their teammate may have a concussion. In 2022, CLF adapted what was formally known as Team Up Speak Up (TUSU) and unveiled a new model to encourage athletes to take leadership roles on their teams to champion concussion safety.

CONCUSSION LEGACY CAPTAINS are CLF ambassadors committed to achieving our vision of concussion safety without compromise. Captains give the Team Up Against Concussions speech to their sports teams every season to set the tone that no athlete with a concussion should return to play before their brain is ready. Captains can further their advocacy and become Concussion Legacy Champions by taking a concussion education quiz and sharing their results on social media.

USA Hockey TUAC Week was held in October 2022

Concussion Game Plan Podcast

In March, we launched the Concussion Game Plan podcast, hosted by Dr. Chris Nowinski. We built Season 1 of Concussion Game to help patients and caregivers navigate acute concussion recovery. Each episode features an expert in the field and a former concussion patient who shared how they found healing and hope in recovery. The podcast was downloaded thousands of times in 2022 and became a key resource for the patient and family services team to share with HelpLine clients.

02

MEDIA PROJECT

The **CLF MEDIA PROJECT** is the first and only concussion reporting curriculum designed specifically for sports media professionals and sports journalism students. Through more accurate reporting, sports media can provide children, parents, and coaches with potentially life-saving information, including how to recognize and respond to a concussion.

“Concussions are an extremely significant issue impacting many sports, and the workshop improved our ability to educate fans and keep them informed on the most up-to-date recommendations. We look forward to participating in additional workshops with CLF in the future.”

Ken Volden, an Executive Producer for TSN, said of the Workshop PRO with TSN

CERTIFIED FELLOWS IN TOTAL

Highlights

Surpassed 1,000 students taught with the Concussion Reporting Workshop U, with 1,400 students taught in 75 classes at 31 colleges and universities worldwide since the program launched in 2018.

In 2022 - taught the Concussion Reporting Workshop U to over 550 students in 29 different classes at 23 different colleges in universities.

21 sports media members took the Concussion Reporting Certification, growing the list of Certified Fellows to 154.

Conducted our first Concussion Reporting Workshop PRO session with a sports media organization when we presented to BT Sport's rugby, soccer, boxing, and cricket broadcast teams. We presented two more Workshop PRO sessions in 2022, first to broadcast crews for all 30 MLB teams and second to the football broadcast team for TSN.

STOP HITTING KIDS IN THE HEAD

STOP HITTING KIDS IN THE HEAD was announced on September 7, 2023, in Sydney, Australia during the launch of CLF Australia. The goal of Stop Hitting Kids in the Head is to convince every sport to eliminate repetitive head impacts under the age of 14 by 2026 so we can eradicate new cases of CTE.

Here's a look at the global landscape of youth sports regulations to see where we are focusing our efforts:

PATIENT & CAREGIVER SERVICES

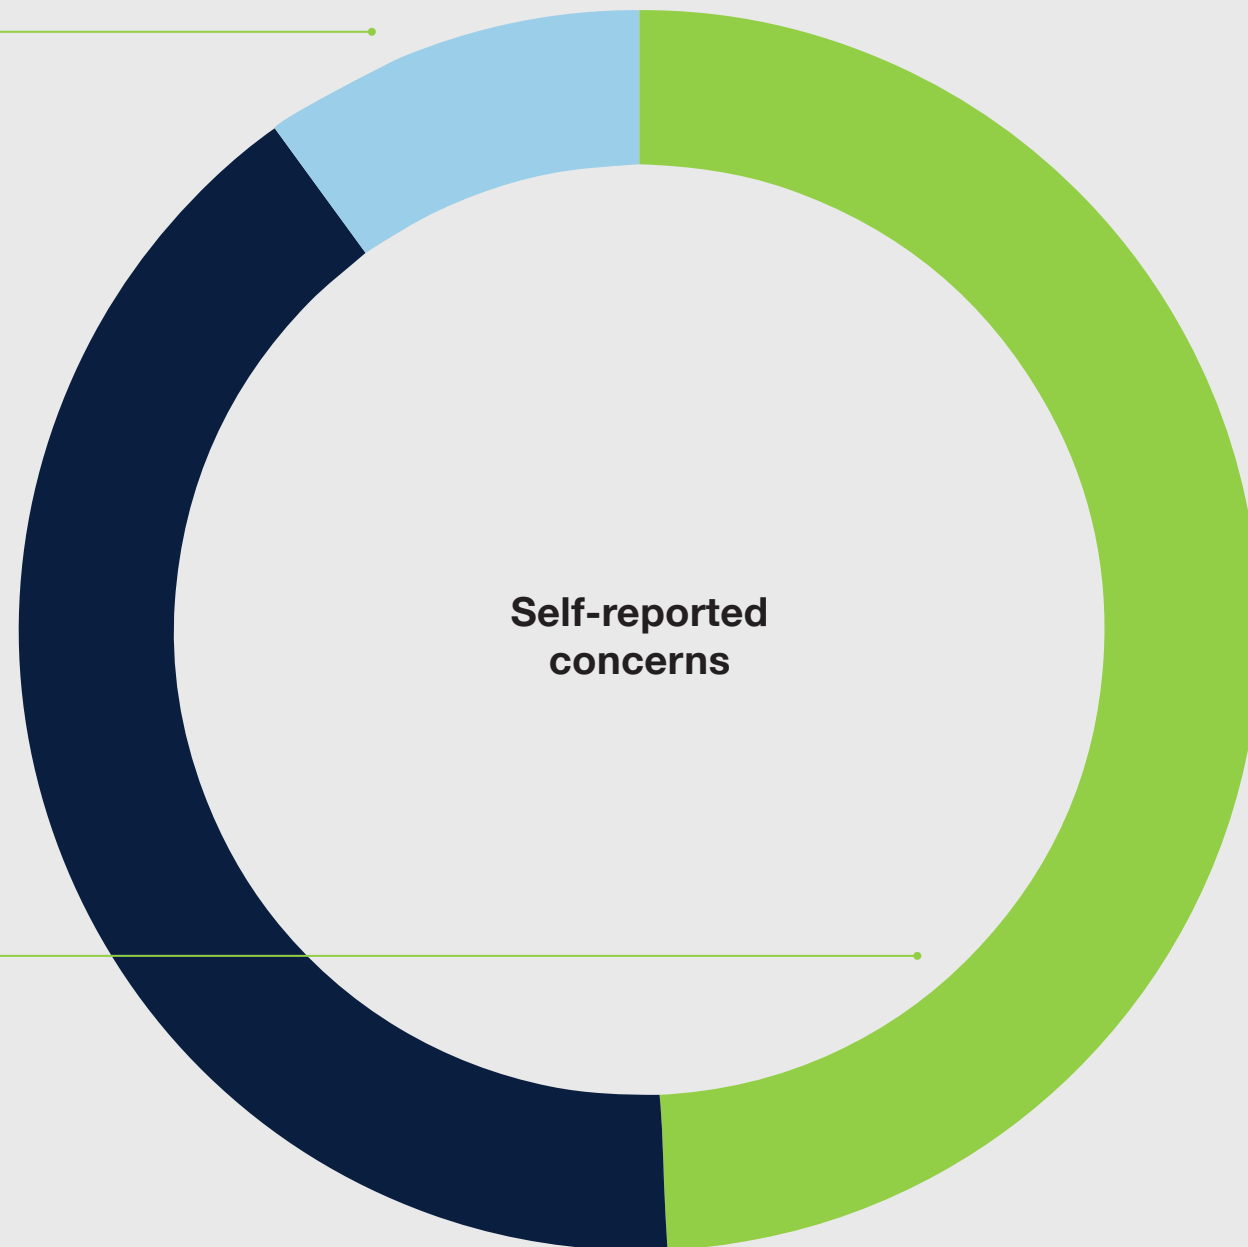

Program Overview

CLF PATIENT & CAREGIVER SERVICES provide personalized support for anyone struggling with the outcomes of brain injury through the CLF HelpLine and Peer Support programs. Since 2019, we've helped thousands of patients and families find doctors, educational resources, and peer-support opportunities to help them maintain hope throughout their recovery.

PROJECT ENLIST

216

VETERAN BRAIN PLEDGES

29

VETERAN BRAINS DONATED

125

HELPLINE REQUESTS

16

NEW PROGRAM PARTNERS

Program Overview

The mission of Project Enlist is to serve as a catalyst for research on military veterans with TBI, CTE, and PTSD by rapidly increasing the number of veteran brains donated to brain banks for study.

Highlights

The American Legion passed a brain donation resolution encouraging veterans to pledge their brain to advance traumatic brain injury research and reduce veteran suicide

Launched our PSA featuring veteran Congressmen Rep. Michael Waltz (R-FL) and Rep. Seth Moulton (D-MA) highlighting the need for brain donation in the military community which aired 107,300 times across NBCUniversal platforms.

Project Enlist Partners

02

38 CHALLENGE

Program Overview

The mission of The 38 Challenge is to eliminate suicide through challenging the stigma associated with seeking help and showing vulnerability. In 2022, The 38 Challenge continued to work closely with CLF to engage veterans and raise awareness of the mental health challenges associated with brain injury.

LET'S TALK TBI PODCAST featured a number of notable pledges, which include Ray Cash Care, Tom Satterly, Ben Smith, Ben Bunn, and Tim Kennedy.

Highlights

Hosted 3 workout events across the United States

Launched The 38 Challenge Podcast, amassing more than 25,000 listens

Launched Let's Talk TBI, a segment where veterans pledge their brain to Project Enlist and discuss the mental health challenges that coincided with their brain injury

03

OPERATION BRAIN HEALTH

Program Overview

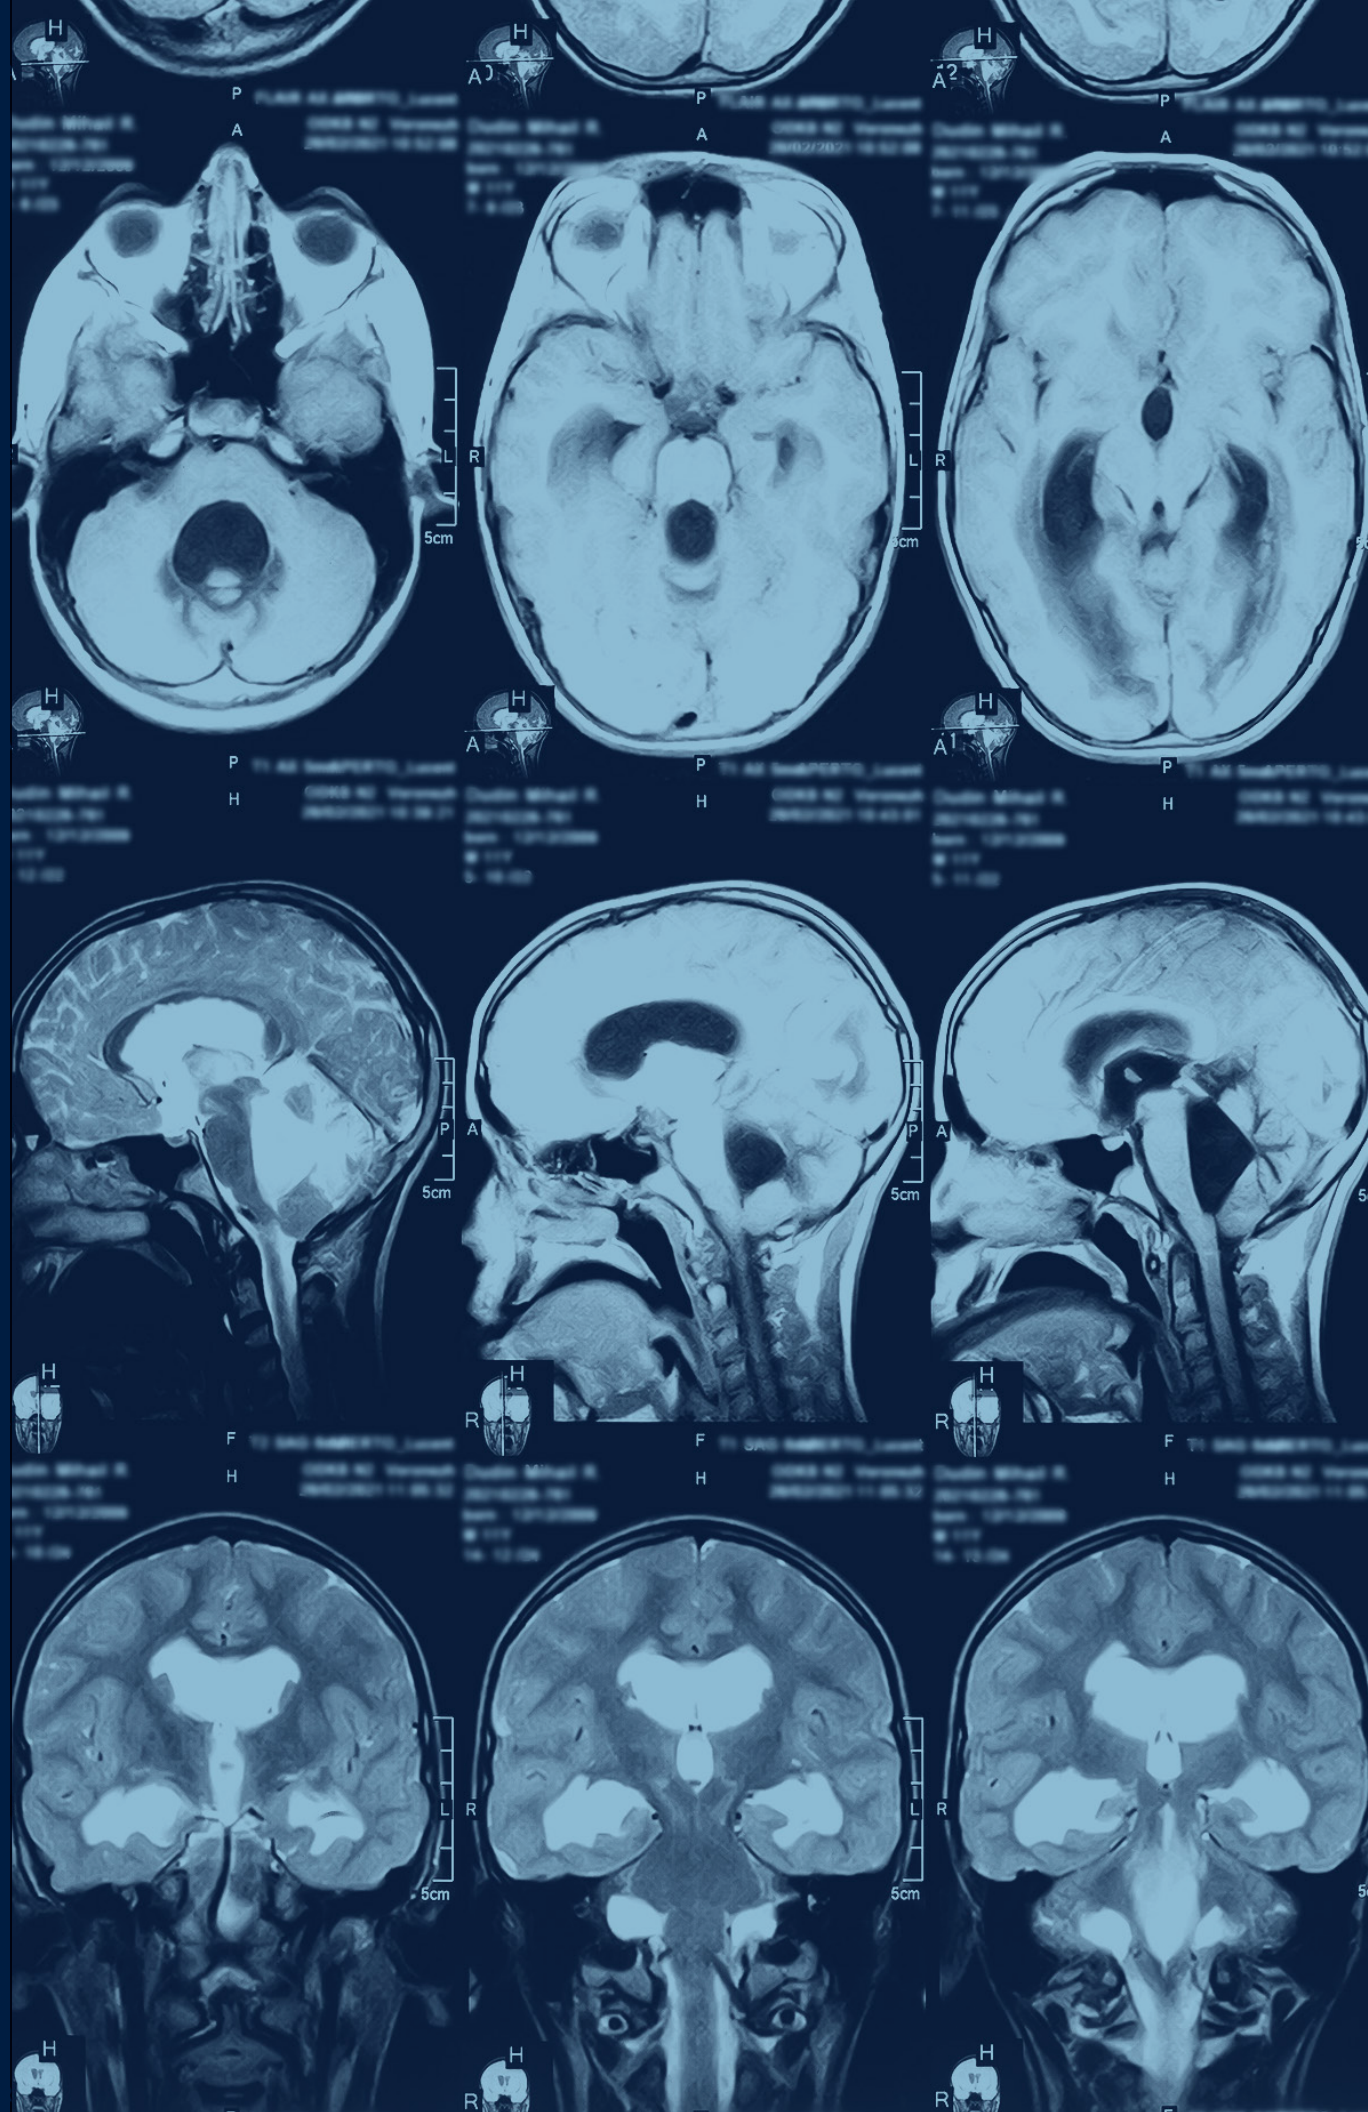

Operation Brain Health is designed for members of the military community and anyone else interested in improving their brain health to help alleviate TBI, PTSD or suspected CTE symptoms.

Highlights

Collaborated with VSOs and other veteran organizations to expand our education resources for veterans and their families

Launched Let's Talk TBI in collaboration with The 38 Challenge

RESEARCH

Our research is revolutionizing the world's understanding of brain trauma.

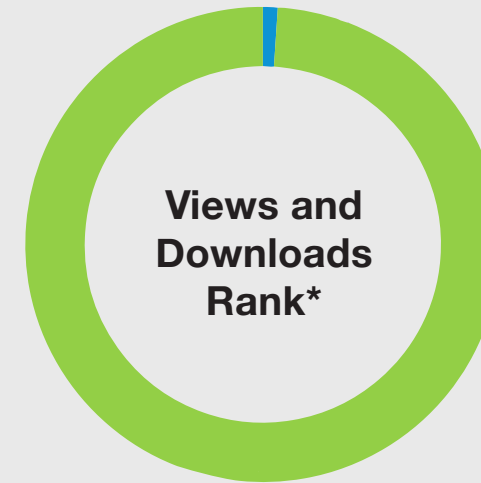

- 01 Bradford Hill Study on CTE Causation
- 02 Global Brain Bank
- 03 NINDS Accepts CTE Causation

In July, Dr. Chris Nowinski, Dr. Samantha Bureau, and Dr. Robert Cantu, along with 11 coauthors from four countries published *Applying the Bradford Hill Criteria for Causation to Repetitive Head Impacts and Chronic Traumatic Encephalopathy*. This review demonstrated with the highest scientific confidence that repeated head impacts cause CTE. In conclusion, we issued a global call to action to sports organizations, government officials, and parents to immediately implement CTE prevention and mitigation efforts.

The publication, and CLF's corresponding press release garnered international media coverage from outlets like The Guardian, Reuters, ABC Australia, ESPN, Axios, and The Athletic.

The UNITE Brain Bank (USA)

03

NINDS ACCEPTS CTE CAUSATION

In August, CLF petitioned the National Institute of Neurological Disorders and Stroke (NINDS) to review the novel evidence published in the Bradford Hill study on CTE causation. In October, the NINDS formally acknowledged that CTE is caused by repetitive traumatic brain injuries and updated their website to say:

“CTE is a delayed neurodegenerative disorder that was initially identified in postmortem brains and, research-to-date suggests, is caused in part by repeated traumatic brain injuries.”

Following the release of the revised NINDS statement, the Professional Footballer’s Association (PFA) and Football Association (FA) in the UK issued statements in support of the change.

The mission of the CLF Global Brain Bank is to accelerate research by collaborating with leading scientists at brain banks around the globe to understand, prevent, treat, and eventually cure CTE and other consequences of sports-related brain trauma.

CLF continues to expand its reach globally by inviting more scientists to participate in this important work.

Highlights

Welcomed Dr. Gabor Kovacs to the Global Brain Bank network and hosted a lecture on alcohol and opioid addiction and CTE

Australian Sports Brain Bank published findings from the first three years of the ASBB, outlining results from the first 21 completed cases

15TH ANNUAL CONCUSSION LEGACY FOUNDATION GALA

Hosted by Jill Arrington, a veteran reporter for FOX, CBS, & ESPN, and CLF Legacy Family Community member, the 15th Annual Concussion Legacy Gala celebrated our first 15 years of impact. For the first time in CLF history, a hybrid event was offered, allowing guests to join both in-person and across the country via live streaming.

The 45-minute program featured a look back on what has been accomplished since 2007 and honored Bruce and Lynn Murray with the presentation of the Courage Award.

EARNED MEDIA

SCOTT VERMILLION

In June, CLF worked with the family of Scott Vermillion to release his stage 2 CTE findings publicly via the New York Times and CBS News. Vermillion is the first Major League Soccer player to be diagnosed with CTE. News of the diagnosis was covered by outlets like USA TODAY, the Associated Press, and ABC News.

CBS NEWS *The New York Times*

DEMARYIUS THOMAS

In July, CLF worked with ABC News and The New York Times to exclusively tell the story of former NFL WR Demaryius Thomas' stage 2 CTE diagnosis. The story aired on Good Morning America and Nightline, reaching an estimated 3.5 billion people.

abc NEWS *The New York Times*

BRUCE MURRAY

Since 2020, CLF has worked with former US Soccer star Bruce Murray and his wife Lynn to help them speak publicly about Bruce's cognitive changes consistent with CTE. In July 2022, CBS aired their interview as a two-part series with the Vermillion family story. The Washington Post also featured Bruce's story on the front page of their sports section.

CBS NEWS *The Washington Post*

2022 Media / Social Highlights

Chris Nowinski's Twitter following nearly doubled following the Tua Tagovailoa tweets

Record 442k views on TikTok, 55k on Instagram, 64k on Twitter for "Dear NFL" video

SCOTT VERMILLION, pictured here in 1999 playing for the Kansas City Wizards

RAY PERKINS, PAUL CRANE & ALABAMA FOOTBALL

In August, The New York Times published an in-depth feature coordinated by CLF revealing the CTE diagnosis of former NFL/Alabama player and coach, Ray Perkins, and NFL/Alabama player, Paul Crane.

The New York Times

TUA TAGOVAILOA

Dr. Chris Nowinski's tweets after Miami Dolphins QB Tua Tagovailoa suffered two concussions in four days triggered more than 200 media requests and dozens of interviews with national outlets, educating millions on best practices for concussion care and advocating for safer sports.

Good Morning American, NBC News, the New York times, CNN, the Washington Post, FOX Sports, CBS News, TMZ Sports, People Magazine

The tweets that triggered the media response went viral and drew 28.4k new followers to Chris' account, and 6k to CLF's account. Viral follow up videos from Chris' TikTok and CLF's Instagram accounts had more than 500k views.
